REMEDIATION PROJECT REPORTING REQUIREMENTS. Moneys deposited into the Environmental Remediation (Basin) Fund shall be used for remediation of the Coeur d'Alene Basin in accordance with the Superfund contract with the Environmental Protection Agency. The Department of Environmental Quality shall file an annual report with the Governor, Legislature, and Coeur d'Alene Basin Environmental Improvement Project Commission on the remediation progress and the expenditures involved.

AGRICULTURAL BEST MANAGEMENT PRACTICES. As appropriated in Section 1 of this act, \$279,000 of the ongoing moneys appropriated from the Department of Environmental Quality (General) Fund to the Water Quality Program for trustee and benefit payments shall be used for a statewide grant program to support implementation of Agricultural Best Management Practices (BMPs) in high-priority watersheds throughout Idaho. The department shall administer this funding through existing BMP grant procedures and personnel. Funding shall be used by farmers and ranchers to modify their agricultural practices in order to improve water quality and help meet the objectives of Total Maximum Daily Loads (TMDLs).

REAPPROPRIATION AUTHORITY. There is hereby reappropriated to the Department of Environmental Quality any unexpended and unencumbered balances appropriated to the Department of Environmental Quality for Agricultural Best Management Practices for fiscal year 2020, in an amount not to exceed \$500,000 from the General Fund, to be used for nonrecurring expenditures related to Agricultural Best Management Practices for the period July 1, 2020, through June 30, 2021. The State Controller shall confirm the reappropriation amount, by fund, expense class, and program, with the Legislative Services Office prior to processing the reappropriation authorized herein.
